

Desktop & Instrument - continued

Panel - 'Mettec' - continued

Aluminium - continued

- Simple and very robust assembly with die-castings and extrusions
- Integrated design with good EMC shielding (65dB at 60MHz)
- Large range of cases; all supplied ready assembled
- Internal guides for mounting PCBs and chassis
- Painted off-white RAL9002 in fine textured powder polyester
- Optional aluminium front panels with ABS trims available
- Supplied with four self-adhesive rubber feet, moulded tilt feet ordered separately

Aluminium Instrument Housing IP54

- Rugged clear anodised extruded aluminium body
- Suitable for housing PCB's, equipment interfacing or hand held applications
- PCB's mount horizontally into internal slots in the body
- All except smallest size (23mm H) have a removable large side to enable easy machining
- Two end panel options:
  - Version 1 - 2 x clear anodised aluminium panels can be mounted into attractive black plastic bezels or directly on to body
  - Version 2 - 2 x black plastic panel with integral bezel
- Hardware and 4 x self-adhesive rubber feet included

Junction & Terminal

Polystyrene Junction/Terminal Boxes

A-box Range IP65 Impact Level IK07 (2 Joules)

- Self sealing membrane in sizes 1 and 2 allow cables to be pulled into boxes whilst maintaining IP rating without cable glands
- Operational temperature range -10°C to +80°C
- Standard finish light grey (RAL7035)
- Optional easy to fit terminal giving good access for cabling
- Available with external fixing lugs
- UL94V-2 halogen free material
- Sizes 3 and 4 have IP54 sealing glands supplied
