4mm Insulated, 30A

CLIFF

4mm cross hole

7.0⌀   19.0

Panel cut-out
Mounting spacer
H = 47 (open), 40 (closed), D = 15, Maximum panel thickness = 6

Designed for heavy duty applications the terminals feature extra large cross holes (4mm) for heavy conductors or even 4mm plugs. The castellated knob enables a handy coin to exert the required pressure for heavy current applications.

Current rating   30A @ 250V ac

Mftrs. List No. Terminal = TP/6S+Colour,   Spacer = TPP/1

Warning :   Not suitable for use as speaker output/input on audio equipment in accordance with the UK/EC safety standard **BS EN 60065**.
