## Worm Drive, High Torque

- All stainless steel for high corrosion resistance
- Extra-strong slips for demanding applications
- Straight line housing for total engagement of screw thread
- 16mm wide band with 8mm A/F slotted screw heads
- Can be used on wire reinforced hoses

## Handipack

- Convenient pack of 10m banding and 25 housings and screws
- 11mm wide pliable banding with slotted screws
- Easily cut to size and assembled on site
- Zinc-plated for long-lasting protection
- All 304 stainless steel for hostile environments
- Both materials ideal for the heating/ventilation trades

Stainless steel		701-5872				

## Hook and Loop Fastener System

### Hook and Loop - Strip

Black or White

Hook Loop  
L = 5m, W = 20mm, 15mm (Back to Back)

- Self-adhesive backed nylon touch and hold fastening system no adhesive on (back to back)
- Supplied as 'Hook' or 'Loop' reels (ordered separately) or 'Back' to 'Back' (Hook on one side loop on the other)
- Can be cut to any length
- Adhesive suitable for many smooth, clean, dry surfaces including plastic (except PVC), glass, metal and wood
- For heavy duty applications, may be stapled or tacked
- In general, the hooked strip should be attached to the fixed half of the item and the looped strip to movable half
- Back to Back system is ideal for cable harnessing

Note: The adhesive may deteriorate if exposed to direct sunlight (ultraviolet light).

## Magnetic Tape

### Flexible Strip

Adhesive Backed

- Barium ferrite loaded flexible thermoplastic
- Soft material helps prevent slippage on vertical surfaces
- Acrylic adhesive backed

Ideal for:- Door closures, reed switch operators, signs, shelf marking  
Thickness = 0.8mm
