Primo

- Ultra-lightweight, mid-range spectacle
- Contoured to fit comfortably to the face
- Wide field of vision
- Carbo-Glass UV400 lens
- Integral bridge
- Kite marked to **BS EN 166 1F** equivalent to **BS 2092 Grade 2**

Carbo-Glass lenses are made of polycarbonate with a quartz-crystal hard coating on both sides. This renders the lens scratch resistant and includes a UV inhibitor which absorbs UVA and UVB radiation.
