Axia

- Top of the range wrap-around protection
- Allows uninterrupted vision
- Fixed side shield
- Single, panoramic, Carbo-Glass UV400 lens
- Foam padded brow and soft PVC nose bridge
- Shield may be placed face down without risk of damage to lens

● Kite marked to **BS EN 166 1F** equivalent to **BS 2092 Grade 2**

Carbo-Glass lenses are made of polycarbonate with a quartzcrystal hard coating on both sides. This renders the lens scratch resistant and includes a UV inhibitor which absorbs UVA and UVB radiation.
