

Anti-Slip Flooring — continued

Congrip Anti-Slip Floor System

Solventless epoxy high-build anti-slip floor system

- Provides a heavy-duty, dust-free, chemical-resistant finish
- Ideal for areas of slip hazard such as loading bays, ramps etc
- Suitable for both pedestrian & vehicular/fork-lift traffic
- Base coat/aggregate and top coat pack supplied separately for ease of application

For best results the surface should be lightly abraded, clean and dry before application. Please refer to technical literature for full instructions.

Can be colour co-ordinated with Conren Dustguard floor coating.

Easy to apply by brush or roller. Range of 4 colours available: light grey, tile red, light stone, mid green. Coverage: approx. 2m² / kg (Base coat) and 3-4m² / kg (Top coat) depending on porosity of substrate.
