

Key Filing Security Cabinets

A range of ruggedly constructed, steel key cabinets designed to secure, control and check the in and out movement of keys. The cabinet is constructed from heavy gauge steel finished in a grey epoxy paint. To resist forced entry, the door has been constructed with a flush rim.

SECURIKEY

Features include:

- Removable control index (not System 20)
- Clip-in, colour coded hook bars
- Cylinder security lock complete with 2 keys
