

Wire Strippers — continued

Cable Stripper

Jokari No. 27 & No. 27IS

Capacity 8-28mm ($\frac{9}{16}$ - $1\frac{1}{8}$ ")
 Weight (Jokari No. 27) 86g
 (Jokari No. 27IS) 74g

- Simple, quick & exact cutting of round and flat cable upto 28mm ($1\frac{1}{8}$ ") dia.
- Easy to use: Adjust blade length. Place knife around cable and turn. Move knife along cable to give automatic longitudinal cut, then strip cable sheath
- Jokari No. 27IS is the insulated version

Cable Stripper

Overall length = 140

The MKO2 has been specially designed to quickly remove the outer sheathing on multicore, co-axial and circular cables. The tool is fitted with an insulation ripping blade to remove insulation from rubberised or cheap sticky cables.

Capacity 4.5 to 28mm. Eliminates damage to inner conductors. Simple to use.

Cable & Wire Stripper

Jokari No. 15 & Jokari PC-Strip

Jokari No. 15

- For stranded and solid conductors
- Retractable safety trimming knife blade
- With additional precision stripping blades

Jokari PC-Strip

- For PVC insulated data communication, conductor control cable. eg. IBM type 1 and type 2 etc, stranded and solid conductor
- With additional precision wire stripping blades

Capacity	Wire stripping	0.2, 0.3, 0.8, 1.5, 2.5, 4.0mm ² 24, 22, 20, 16, 14, 12, AWG (Jokari No. 15) 8-13mm ($\frac{9}{16}$ - $\frac{1}{2}$ ") (Jokari PC-Strip) 5-15mm ($\frac{3}{16}$ - $\frac{5}{8}$ ")
Weight	Cable stripping	
	(Jokari No. 15)	66g
	(Jokari PC-Strip)	60g

Jokari PC-Strip	Order Code 722-5775				

Wire and Cable

H = 40, W = 90, D = 20

- Rotary action cut and strip tool for 2 and 3 core mains cables
- No exposed cutting blade

TEE249X

		Price Each			
		1+	5+	20+	40+
Order Code	500-975				

Data Cable Stripper

H = 40, W = 90, D = 20

- Simple to use data cable stripping tool
- Accommodates UTP, STP, premises wiring, telephone, transceiver drop data, multicore and fibre optic cables
- 3-11mm capacity self-adjusting

TEE250

		Price Each			
		1+	5+	20+	40+
Order Code	500-987				

Coaxial Stripper

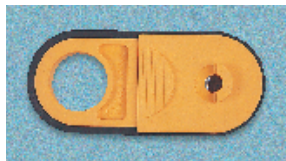

H = 73, W = 42, D = 35

- A compact and lightweight coaxial cable stripper
- Cut lengths and depths are factory set and require no adjustment
- The 3 in 1 blade system strips all three layers simultaneously

TEE253X

		Price Each			
		1+	4+	20+	40+
RG58	Order Code 559-283				
RG59	Order Code 559-295				
RG62	Order Code 559-301				

H = 40, W = 90, D = 20

With no exposed blade the tool is safe in use and when stored in a tool kit/box.

The 'Toggle' is a small, simple to use and efficient coaxial cable stripper. Each tool is dedicated to a particular cable type this ensures accurate and repeatable stripping. The tools do 2 or 3 level strips and have a cut length gauge which ensures the correct stripping level. The blade is manufactured of special hardened steel to give long and reliable service.
