HB2	827-848			

## Deburring Cutters

- Self centring and supported over the majority of their circumference
- These factors stop the tool 'chattering'
- Gives an exceptionally clean and precise hole finish

- Each tool covers a range of hole sizes
- Swarf removal is very efficient given the large hole in the tool head
- Suitable for use with brass, aluminium and ferrous metals
- Manufactured from HSS steel with ground shaft and cutting head

Deburring Range mm	Head Dia. mm	Overall Length mm	Shaft Length mm	Shaft Dia. mm	Order Code
