

# ABB MS Bayonet Connectors

## Technical Data

### Mechanical & Electrical Features

#### Mechanical Features:

- Coupling:** 3 pin bayonet.
- Number of Contacts:** From 1 to 61.
- Contact Termination:** Crimp or solder.
- Sealing:** Dynamic sealing ring and individual wire seal grommet.
- Matings:** 500 minimum.
- Earth Grounding:** 360° wave washer & grounding ring.

#### Environmental Ratings:

- Temperature Range:** -55°C to +125°C.  
-40°C to 190°C (HTABB)
- Waterproof:** 1 bar when using sealed accessory.
- Shock severity:** 75g.
- Vibration:** 5Hz to 500Hz long endurance. 30 hour test at 10g.
- Acceleration:** 50g.

#### Standard Materials:

- Connector Metalwork:** Aluminium Alloy.
- Insulator, Grommet & Bushing:** Polychloroprene or Flouro-carbon (HTABB)
- Contacts:** Copper Alloy.
- Accessory Hardware:** Aluminium Alloy.
- Standard Plating Finishes:**
- Aluminium Parts:** olive drab chromate over zinc cobalt plate.\*
- \*Consult factory for alternative finishes.
- Contacts:** Silver or gold.

#### Contact Current Rating:

| Contact Size AWG (Metric) | Max Current @ 20° C * | Rated Current @ 85° C * | De-rated @ 85° C ** |
|---------------------------|-----------------------|-------------------------|---------------------|
| 20 (10)                   | 7.5 amps              | 5 amps                  | 3 amps              |
| 16/16S (15/15S)           | 22 amps               | 13 amps                 | 10 amps             |
| 12 (25)                   | 41 amps               | 23 amps                 | 20 amps             |
| 8 (100)                   | 73 amps               | 46 amps                 | 42 amps             |
| 4 (160)                   | 135 amps              | 80 amps                 | 75 amps             |
| 0 (500)                   | 245 amps              | 150 amps                | 135 amps            |
| 0000                      | 500 amps              | 300 amps                | See note            |

\* Single contact in isolation      \*\* Grouped contacts

**Note.** Consult sales office for further information.

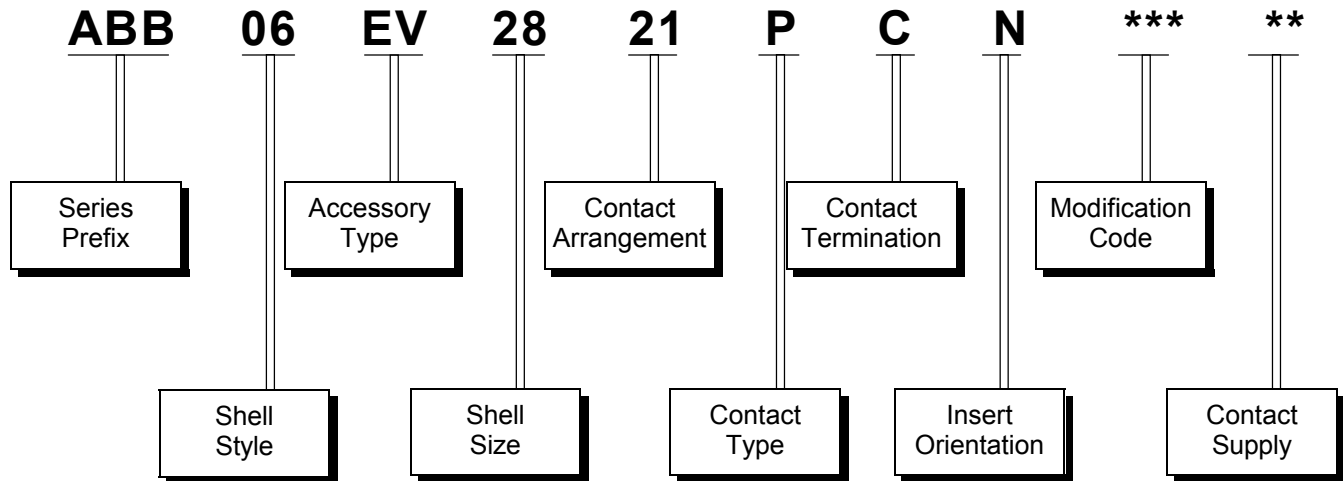

| Service Rating                | Sea Level - Volts |       |       |       |
|-------------------------------|-------------------|-------|-------|-------|
|                               | Inst.             | A     | D     | E     |
| Working Voltage DC or AC Peak | 350               | 700   | 1,250 | 1,750 |
| Voltage Proof AC RMS          | 1,000             | 2,000 | 2,800 | 3,500 |
| Min. Flashover AC RMS         | 1,400             | 2,800 | 3,600 | 4,500 |

# ABB MS Bayonet Connectors

## Technical Data

### Part Number Explanation

**Series Prefix:** **ABB**

**Shell Style:** **00** - Square flange receptacle, front panel munted.

**01** - Cable mounted receptacle.

**03** - Square flange receptacle, rear panel munted.

**06** - Plug with arctic grip coupling nut and RFI grounding.

**NS06** - Plug with arctic grip coupling nut, no RFI grounding.

**E06** - Plug with fine knurl grip coupling nut.

**SE06** - Plug with fine knurl grip coupling nut with RFI grounding.

**07** - Through bulkhead receptacle.

**08** - Plug with 90° angle outlet.

**09** - Single hole mounted receptacle.

**10** - Panel mounted plug with arctic grip coupling nut.

**12** - Panel mounted plug with fine knurl grip coupling nut.

**Accessory Type:** See relevent catalogue pages.

**Shell Size:** **10SL to 40**

**Contact Arrangement:** See pages

**Contact Type:** **P** pin, **S** socket  
**H** pin/socket assembly for through bulkhead connector style **07**.

**Contact Termination:** **C** crimp removeable, **S** bonded solder. Omit for bulkhead style **07** (bonded).  
See page for printed circuit tail detail.

**Insert Orientation:** **N** normal. Alternative positions **W X Y Z**. See page for detail.

**Modification Code:** Consult factory.

**Contact Supply:** Leave blank for connector supplied with silver plated contacts.  
Insert **P3** for connector supplied with standard gold plated contacts.  
Insert **V0** for connector supplied without contacts.

**Note.**

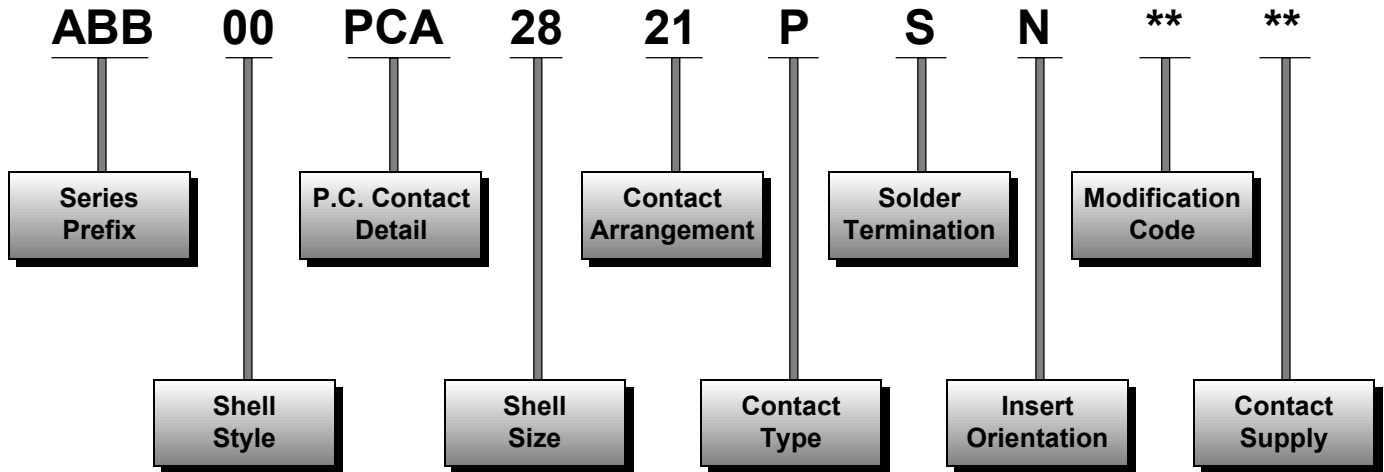

The company reserves the right and may change or vary specification without prior written notice.

## Technical Data

### Part Number Explanation - Printed Circuit (P.C.) Contact

**Series Prefix:** **ABB** - ABB MS Bayonet

**Shell Style:** **00** - Square flange receptacle, front panel mounted.

**03** - Square flange receptacle, rear panel mounted.

**09** - Single hole mounted receptacle.

**10** - Panel mounted plug with arctic grip coupling nut.

**12** - Panel mounted plug with fine knurl grip coupling nut.

**P.C. Contact Detail:** See page

**Shell Size:** **10SL to 40**

**Contact Arrangement:** See pages

**Contact Type:** **P** pin, **S** socket

**Contact Termination:** **S** bonded, solder.

**Insert Orientation:** **N** normal. Alternative positions **W X Y Z**. See page for detail.

**Modification Code:** Consult factory.

**Contact Supply:** **00** for connector supplied with silver plated contacts.  
**01** for connector supplied with solder dipped silver plated contacts.  
**02** for connector supplied with standard gold plated contacts.  
**03** for connector supplied with solder dipped standard gold plated contacts.

**Note.**  
 The company reserves the right and may change or vary specification without prior written notice.
