

147-208 CUTTERS AND NIPPERS (14 MODELS)

 <p>PART No. OD6620.</p>	<p>BS/220. CLEAN CUT NIPPERS For cutting ductile wires up to 1mm Ø Cuts off flush with PCB Optional Safety Foil (prevents cuttings from flying) P/No. OD66225 Length 130mm Weight 50gm</p>	<p>BS/220/15. CLEAN CUT NIPPERS Similar to BS/220 but cuts off wires 1.5mm above PCB surface</p> <p>Length 130mm Weight 50gm</p>	 <p>PART No. OD6621.</p>
 <p>PART No. OD6622.</p>	<p>BS/220/L CLEAN CUT NIPPERS Same as BS/220 but with longer handles to permit cutting in more confined spaces</p> <p>Length 165mm Weight 65gm</p>	<p>BS/300 CLEAN CUT NIPPERS For ductile wires up to 1.5mm Ø Cuts off flush with PCB Ideal for general purpose use. Optional Safety Foil (prevents cuttings from flying) P/No. OD66245. Length 130mm Weight 55gm</p>	 <p>PART No. OD6623.</p>
 <p>PART No. OD66205.</p>	<p>BS/220/APP. CLEAN CUT NIPPERS Similar to BS/220 but with finer blades for access to very confined spaces Optional Safety Foil (prevents cuttings from flying) P/No OD66225. Length 130mm Weight 50gm</p>	<p>BS/58 CLEAN CUT NIPPERS. Similar to BS/300/58 but with more reinforced blades to cut steelwires up to 1.5mm Ø Designed for long life</p> <p>Length 130mm Weight 70gm</p>	 <p>PART No. OD6625.</p>
 <p>PART No OD66232</p>	<p>BS/300/58. CLEAN CUT NIPPERS Specially tempered for iron wires up to 1.5mm Ø Cuts off flush Designed for long life</p> <p>Length 130mm Weight 65gm</p>	<p>BS/315/FC. 1.5mm END CUTTER Cuts off 1.5mm above PCB For ductile wires up to 1.5mm Ø for confined spaces</p> <p>Length 140mm Weight 60gm</p>	 <p>PART No OD6633</p>
 <p>PART No OD6632.</p>	<p>BS/300/FC. FLUSH END CUTTER Cuts off flush in positions where other tools cannot operate Up to 1.5mm Ø soft wires</p> <p>Length 140mm Weight 60gm</p>	<p>BS/3058. HEAVY DUTY CUTTERS Same as BS/3055 but with special blade Tempering to keep sharp edge longer Designed for long life</p> <p>Length 150mm Weight 85gm</p>	 <p>PART No. OD6634.</p>
 <p>PART No OD6631.</p>	<p>BS/3055. HEAVY DUTY CUTTERS Heavy duty construction for tougher wire and materials Good general purpose tool</p> <p>Length 150mm Weight 85gm</p>	<p>BS/300CL GENERAL PURPOSE SHEARS Longhandle version of BS/300/CC. Long handles reduce cutting effort required</p> <p>Length 170mm Weight 75gm</p>	 <p>PART No OD6629</p>
 <p>PART No. OD6628.</p>	<p>BS/300/CC. GENERAL PURPOSE SHEARS. For cutting thin sheet metal Short handles for intricate cutting</p> <p>Length 135mm Weight 55gm</p>	<p>BS/300/F LONG BLADED SHEARS Designed for cutting ribbon cables</p> <p>Length 165mm Weight 130gm</p>	 <p>PART No OD66292</p>
