

586 Series

Single Chip BASED LED

T 3 1/4 MINIATURE SCREW (E10)

FEATURES / BENEFITS

- ▲ High brightness with low current draw - uses up to 90% less energy than an incandescent
- ▲ Long life - typically 100K hours
- ▲ True non-polarized configurations available
- ▲ No heat generated
- ▲ Mounts directly into industry standard socket
- ▲ Resistant to shock and vibration
- ▲ AlInGaP and InGaN technology
- ▲ Super bright single chip design
- ▲ Colors include red, green, amber, blue and white

Dialight's line of based LED lamps is designed to directly replace many popular subminiature and miniature incandescent lamps. The benefits of LED technology over incandescent are significant: They offer long life, are shock resistant, withstand vibration and provide energy conservation.

SPECIFICATIONS

Measurements are typical

Dimensions are inches [mm]

- ▲ Operating voltages - 6, 14, and 28 VDC
- ▲ Non-polarized*
- ▲ Operating temperature: -30°C to 85°C
- ▲ Storage temperature: -40°C to 100°C
- ▲ Replaces incandescent lamp numbers: 40, 46, 1481, 1487, 1821**

* If the socket's polarity is unknown, Dialight recommends using a non-polarized lamp.

** May replace other incandescent lamps.

CONSIDERATIONS

- ▲ Since lens caps act as filters for the light emitted from the based LED, it is important to match the color of the wavelength of the LED. Dialight recommends using transparent lenses, which will optimize light output.
- ▲ Although these lamps can be operated at a lower voltage, which will increase the life, the intensity will be reduced.
- ▲ Operation of the based LED at a higher voltage should not exceed 10% above the recommended voltage.
- ▲ Dialight does not recommend that based LED lamps be used in neon sockets.

Dialight reserves the right to make changes at any time in order to supply the best product possible.

Based LEDs SELECTION

With the technological advancements in Light Emitting Diodes (LEDs) brightness can now rival the incandescent lamp when used in similar packages. These advancements have created a new type of product called the based LED - an LED with the functionality of an incandescent bulb.

The following styles are currently available in red, green, amber, blue and white:

- ▲ T 1 3/4 Midget Flange
- ▲ T 1 3/4 Bi-Pin
- ▲ T 1 3/4 Wedge (T5)
- ▲ T 2 Telephone Slide
- ▲ T 3 1/4 Miniature Bayonet (BA9S)
- ▲ T 3 1/4 Miniature Screw (E10)
- ▲ T 3 1/4 Wedge (T10)
- ▲ 15mm SC Bayonet (BA15S)

Dialight's line of based LEDs continues to grow.
