

LB Series LB2DXDV/15 (12/24V) and LB2SX230/15 (230V)

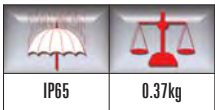

CE – Certified to EMC Directive 89/336/EEC.

Complies with low voltage directive 2006/95/EC.

High voltage transient and polarity reversal protection fitted.

Operating temperature: -20°C to +50°C.

LB2DXDV/15	120/min	double flash	10 – 30Vdc	0.7A@12V 0.7A@24V
LB2SX230/15	120/min	single flash	207 – 253Vac	140mA @110Vac

Features:

A large high powered 15W Xenon beacon.

- Dual voltage 12/24V or 230V options
- No moving parts – maintenance free
- Low power consumption
- 3,000 hours tube life
- 12 months' guarantee

Materials:

Polycarbonate lens and base.

Type	Amber	Red	Blue	Green
