

Netscape Internet Navigator assistant

Whether you are a novice Internet user or are accustomed to other software, this is the book that offers the assistance that you need with Netscape Internet Navigator, together with its Mail and News sections. What makes this book so different and so useful, is the way in which the information is organised and presented.

The book provides:

- Concise descriptions of the most-needed actions.
- A cross-reference index and list of newsgroups.
- Clear topic identification.
- Hints and tips about common requirements.
- Tables of items (such as key shortcuts) that are not easy to find.
- Clear instructions for the more difficult tasks.
- Quicker access to assistance.
- Help even when the computer is switched off!

This invaluable reference work is ideal for all Navigator users be they novice or more experienced.
