

A flexible plastic double locking cable tie that is re-useable. These clips provide extra security for items that are subject to heavy use. After inserting the clip, the loose end is pulled around the ring and placed firmly over the locking device. If the item is small enough, you can wrap the loose end around the item twice before affixing the ring over the locking device.

PART NUMBER	COLOUR	MATERIAL	LENGTH
075-1600	RED	P.E.	180mm
075-1800	GREEN	P.E.	420mm
