

LOTON :- 7062989

- **Super lightweight, super comfortable**
- **Robust and strong**
- **All parts are dielectric**
- **Distinctive styling – high visibility**
- **Excellent protection across all frequencies**

Unbeatable price

Thanks to Bilsom ingenuity, you can now get a muff that combines true high quality performance and all-year-round protection for as little as £3 – £10 per annum.* The new and exciting, general purpose, Bilsom Loton. Excellent protection is provided across all frequencies.

Attenuation figures to BS 5108

Frequency, Hz	63	125	250	500	1k	2k	3.15k	4k	6.3k	8k
Mean Attenuation	13.1	11.0	12.7	21.6	30.0	31.1	32.6	32.2	31.6	34.8
Standard Deviation	4.7	3.4	3.5	3.5	3.4	3.3	3.4	4.4	4.4	3.9

*Depending upon usage and working conditions.

Unbeatable comfort and fit

The Loton weighs a super-light 129 grams, making it virtually the lightest muff ever made. The wearer is comfortably off in a number of other ways, too.

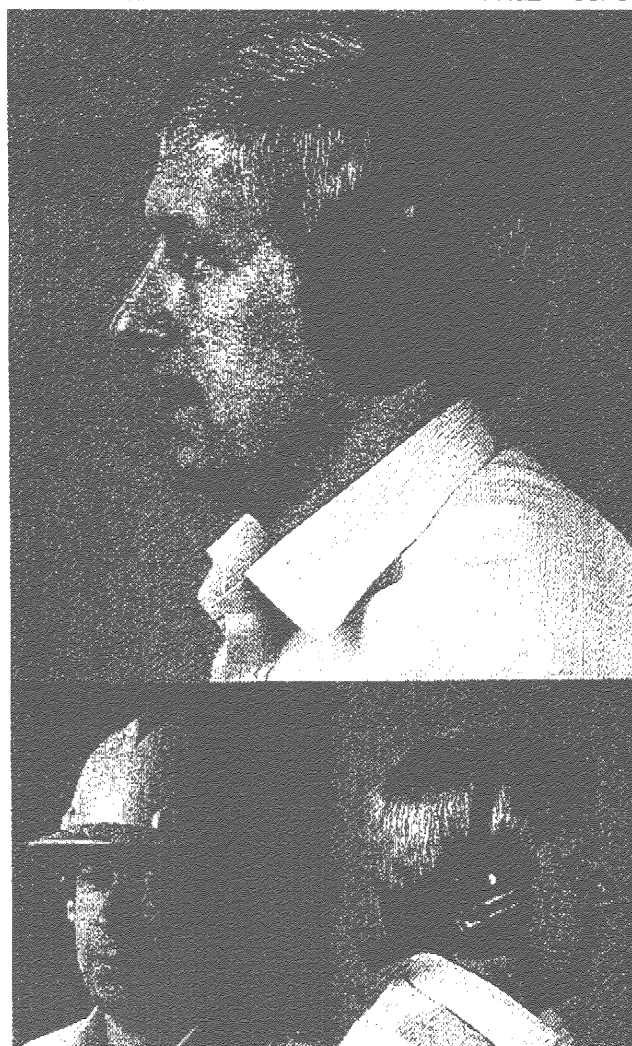

The Loton has soft and supple, foam-filled ear cushions. A perfect-fitting headband, with 2-stage low-pressure action – once a firm seal has been obtained between the ear cushions and the head, the headband material relaxes and the pressure eases off to a comfortable level. Plus self-aligning ear cups, adjustable up and down as well, for the best fit.

(Incidentally, using the special strap, the Loton can also be comfortably worn beneath a safety helmet.)

Bilsom®

Total Hearing Protection

Bilsom International Limited, Fountain House, Odiham, Basingstoke, Hampshire RG25 1LP.
Tel: Odiham 0256-703581. Telex: 858797 Bilsom G.

Unbeatable strength and durability

Take the Loton headband. Unlike ordinary steel wire headbands that can soon be bent, the Loton sports a tough, glass-fibre reinforced plastic headband, giving it outstanding flexibility, strength and resistance to deformation. In addition, Loton Hygiene Kits, comprising fresh ear cushions and foam closing pads, are always available.

The Loton is available now for you to try and test on request.

Bilsom can help in other ways, too

Only Bilsom offer a total range of hearing protection products, plus a complete Hearing Protection Advisory Service.
