

Single Eurocard (3U high)

Single Eurocards are 100 x 160 mm in size, with an extended Eurocard being 100 x 220mm deep. The prototyping boards have 5 alternative designs to make prototyping easier, Boards are also available in single sided, double sided and PTH types. The product selectors below will help to identify the most suitable type for your application.

Patterns

- Microboards
- 3 Plane High Density DIP pattern
- Veroboard strip pattern, with & without ground plane
- Veroboard strip pattern
- Square pad, with & without ground plane

Product Selection

Please see below this table for product photos

| Order Code | Pattern | Material | | | Pitch | Single Sided | Double | PTH | Front | Front | Front | Rear | Rear | Ground Plane | Grid Print | Solder Resist |
|------------|-----------------------------|----------|-------|-------|-----------|--------------|--------|-----|-----------|-----------|-----------|-------|-------|--------------|------------|---------------|
| | | SRBP | Epoxy | Plain | | | | | DIN 41494 | DIN 41617 | DIN 41612 | 96/96 | 64/96 | | | |
