

Bolt Cutters

A wide range of bolt cutters with a cutting capacity up to 15mm in concrete reinforced rod or 9mm valve spring steel. Cutters between 18in and 36in have jaws that can be easily adjusted by a simple patented adjusting system.

Forged from precision high grade steel these cutters have a phosphated corrosion resistant finish with comfortable handles.

Order Code	Length		Reinforced Rod Capacity	Ferrous Capacity	Piano Wire Capacity	Weight
	(in)	(mm)	(mm)	(mm)	(mm)	(g)
