

First-Aid Kit, MT-CD

Designed for the mobile or stationary use

Measuring 400 x 300 x 150 mm, made from ABS thermoplastic and available in a choice of orange, white or green colours. The wall bracket has a 90° stop-arrest locking facility that allows the contents to be removed without having to detach the kit from its bracket.

Two identically sized halves with transparent lids, rubber sealed to prevent the entry of dust or dirt, flexible inner partitioning, strong handles and secure locks with security seals. Labelled with screened printing and pictograms.

Excellent security facilities, all parts are rounded and streamlined with no sharp corners or edges. Splash and dust proof, solid and sturdy structure, decay and temperature resistant.

We offer a five year guarantee on the kit colouring and the additional closing parts (e.g. clips, handle and hinges).

Large first-aid kit with filling according to German DIN 13 169 Industry Norm or Filling DIN 13 169 Industry NormPlus including Additional Set Plus.
