

OM3 optical fibre systems are the pinnacle of multimode fibre design. To utilise the new 10Gbs Ethernet protocols, an optical fibre system requires the use of either a full blown singlemode solution or OM3 50/125 multimode cable. The OM3 system allows for new VCSEL based hardware and old legacy LED's to co-exist over your system. For the hard pressed IT manager an OM3 optical fibre solution

approved manufacturing facility these cables can be relied upon, even with in the most mission critical systems.

Optical fibre pigtails are essential when terminating cables within the splice enclosures. Purchasing pre-polished assemblies takes the risk of poor connector termination away from the project.

will give a simple migration path through 1Gbs to 10Gbs and have security knowing the system they are installing today will give many years of solid, secure service to their network.

The OM3 pigtail utilises the best cable available along with the market leading Optronics connectors. Manufactured in Optronics ISO 9001

- ST/SC/FC/LC Connector types
- All terminations are manufactured to exceed performance parameters set by industry standards
- Fast turn around of nonstandard requirements
- Full tracability & test certification supplied with each assembly
- 900µm tight buffered fibre optic cable

# **Specifications**

#### Patchcord Specification

Mechanical Length: 1m ± 10mm Other lengths available to order

<u>Product Packaging</u> Each pigtail is packaged individually and individually identified for traceability, test certification is supplied for each assembly.

### Connector Specification

Insertion loss: Max. 0.5 dB

Optical Performance (Multimode) Insertion loss: Max. 0.3 dB Typical 0.2 dB

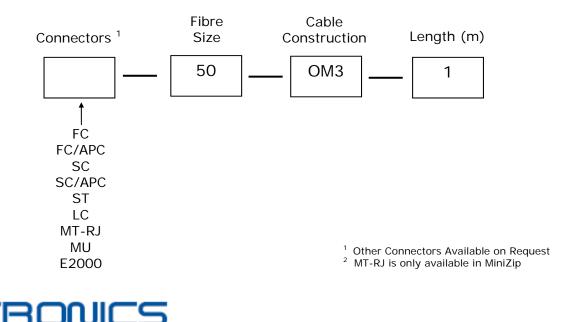

Optical Performance (MT-RJ)

Operating Temperature -40°C to +85°C

<u>Intermateability</u> Optically and mechanically compatible with all equivalent connectors. Compliant with IEC 874-14.

For full information on the Optronics connectors used on the FibreFab patch cords, please contact the address below for a connector data sheet.

## **Ordering Information**
