

SPC Connecting Cables

FEATURES

- Via these connecting cables, Mitutoyo's electronic gages and instruments can output data in the form of Digimatic codes.
- The plug differs depending on the output port of the connected gage.

Gage output pulgs	Order No. 1m (40")	Order No. 2m (80")	Gage output ports	Appropriate gages
Straight 	905338	905409		IDS Series Digimatic Indicator (Series 543) IDC Series Digimatic Indicator (Series 543) IDU Series Digimatic Indicator (Series 575) Digimatic Thickness Gage (Series 547) Digimatic Caliper (Series 550, 551)* Digimatic Carbon Fiber Caliper (Series 522) Digimatic Height Gage (Series 192, 570) Heightmatic (Series 574) Digimatic Depth Gage (Series 547) Digimatic Scale Unit (Series 572)* Digital Durometer (Series 811)**
Back 	905689	905690		
	905691	905692		
Left 	905693	905694		
With data out switch 	959149	959150		Digimatic Caliper (Series 500, 550, 551, 573) Digimatic Depth Gage (Series 571) Digimatic Scale Unit (Series 572)

*Use **959149** or **959150** for the ABSOLUTE reading type gage.
