

M18 PHOTOELECTRIC SENSORS**DATALOGIC****S5 series**

- Multivoltage from 15 to 264 Vac
- DC versions (10 to 30 Vdc)
- Green stability LED
- Light/dark selection
- Sensitivity control
- Straight or 90° optics
- Connection via cable or M12 connector
- Test input models
- Fibre optics versions
- Plastic casing - IP67

TECHNICAL DESCRIPTION

The **S5** 18 mm tubular photoelectric sensor series is available in the following versions:

- | | |
|--|------------------------------------|
| ■ <i>Retroreflex</i> | ■ <i>Limited proximity scanner</i> |
| ■ <i>Polarised retroreflex</i> | ■ <i>Fibre optics</i> |
| ■ <i>Proximity scanner</i> | ■ <i>Emitter/receiver</i> |
| ■ <i>Fixed focus proximity scanner</i> | |

The **S5** versions operating from 10 to 30 Vdc have dual NPN/PNP output and light/dark operation selection. These units are also short-circuit and reverse polarity protected. The multivoltage versions accept any voltage from 15 to 264 Vac and are supplied with SCR + bridge output.

A red output LED indicator is standard in all models. The DC versions of the series are provided with a green stability LED to control alignment and display the level of the received signal, a sensitivity control trimmer and test input function.

S5 sensors are enclosed in plastic casing, protection class IP67, straight or 90° optics. Electrical connection may be with a cable or using the M12 connector. Two or more sensors may be connected to activate simple logic configurations: AND, NOR, OR and NAND.

The wide range of models available suits these sensors to a variety of industrial applications requiring solutions to critical space and difficult access situations.

A MEK 18 mm glass filter is available to protect the lens when used in the presence of corrosive substances.

APPLICATIONS

- Automatic packaging machines
- Presence detection, counting
- Transport and conveyor lines
- Robotics and FMS applications
- Small object detection
- Space critical situations

FUNCTIONS

SPECIFICATIONS

Emission: Infrared LED 880 nm
Red LED 660nm for fixed focus, proximity scanner and fibre optics versions

Lenses: PMMA Methacrylate

Indicators: red output LED
green stability LED (DC versions with sensitivity control only)

Housing: plastic

Protection class: IP67

Weight: approx. 100 g. (3.53 oz)

Connections: 2 m cable or M12 connector

Operating temperature: -15 to +55°C (+5 to 131°F)

Storage temperature: -20 to +70°C (-4 to 158°F)

Humidity: 35 to 85% (non-condensing)

Ambient light rejection: 3,000 lux max., incandescent lamp
10,000 lux max., sunlight

Vibration: 10 to 55 Hz, amplitude 1.5 mm (0.06 in) in each axes X, Y, Z for 2 hours

Shock resistance: 500 m/s (approx. 50 G)
3 shocks in each 3 axes

Hysteresis: 10% max. (proximity versions only)

Light/dark selection: standard in all DC models, excluding limited proximity version (selectable by inverting the power supply wires)

AC versions

Power supply: 15 to 264 Vac, 48 to 62 Hz

Current consumption: 10 mA max.

Output: SCR + bridge rectifier - 264 Vac

Output current: 100 mA max.

Output leakage current: 1 mA max. at 264 Vac

Response time: 20 ms max.

Switching frequency: 25 Hz max.

DC versions

Power supply: 10 to 30 Vdc
ripple: 2 Vpp max.

Current consumption: 30 mA max.

Output: NPN/PNP selectable 30Vdc max (excluding limited proximity version)

Output current: 150 mA max.

Short circuit protection: active at 200 mA

Saturation voltage: 2.5 V max. - NPN or PNP output
1.2 V max. - limited proximity

Output leakage: 50 µA at 30 Vdc

Response time: 1 ms max. - standard
2 ms - emitter/receiver
6 ms - limited proximity

Switching frequency: 500 Hz max. - standard
250 Hz - emitter/receiver
175 Hz - limited proximity

FIBRE OPTICS: GENERAL INFORMATION

MATERIAL: PMMA fibre/polyethylene sheath
 TEMPERATURE: -30 to +60°C (-22 to +140°F)

Acrylic polymer fibre optic cables may be cut to desired length for particular applications using the cutting tool PLC-01 (code No. S8203517). However, this will reduce the operating range by 20%.

Note: Cutting tool is included with fibre optics type:
 OF-18/19/22/23/24.
