693   LED Signal Tower Kompakt 36 in metal design

- **Clear domes ensure signalling effect even in direct sunlight**
- **Plastic housing with aesthetic metal coating**
- **LED Permanent light elements with life duration up to 50,000 hours**
- **Simplified ordering through ready-assembled tower**
- **36 mm diameter**
- **Can be operated with PLC control system**
- **Available with user-friendly plug connection**

TECHNICAL SPECIFICATIONS:

Dimensions (Diameter x Height):	2 tier: 36 x 113 mm
	3 tier: 36 x 147 mm
Housing:	Housing parts PC
Fixing:	Base mounting
	Tube mounting
	Bracket mounting
Connection:	cable, 2 m long,
	M12 plug,
	each with adapter M25 / M20 for
	fixing rubber seal
Operating voltage:	24 V DC
Current consumption:	40 mA per tier
Starting current:	< 500 mA can be triggered via PLC

ORDER SPECIFICATIONS:

		Order no.	Connection type
2 tier	red/green	**693 080 55**	cable
	red/yellow	**693 090 55**	cable
	red/green	**693 580 55**	plug-type
	red/yellow	**693 590 55**	plug-type
3 tier	red/yellow/green	**693 070 55**	cable
	red/yellow/green	**693 570 55**	plug

Available from June 2005

ACCESSORIES:

Fixing bracket, black	**960 693 01**
Cable gland M20 x 1.5	**960 693 02**
Base with integrated tube M25 x 1.5	**960 693 06**
including rubber seals, silver	
M12 counter-plug with 5m cable	**960 693 05**
