Pipe Marking

Mini Markers

The Mini Marker (12 x 150 mm) has been specially developed by Brady for the identification of small pipes in laboratories and hospitals. These markers, made from a thin, flexible polyester (B-7548), are available on request. They are sold by the card, with five markers per card. For technical reasons the name of the substance cannot be printed when the marker requires danger symbols.

Marker	Size (mm)	Letter height (mm)	Max. number of characters	
			Without symbols	With symbols
Mini Marker	12 x 150	6.5 mm	15	17

Maxi Markers

The Maxi Marker (225 mm wide) is ideal for pipes over 350 mm in diameter. The markers are made from laminated polyester (B-7541).
