

Each mount is designed to offer the maximum surface area, and in conjunction with the specially developed adhesive ensure that a very high pull-off force is achieved. The concave design of the mounts ensures that larger diameter cables and bundles are fully supported.

Where speed, simplicity, and a firm fixing base are required these self adhesive clips are ideal. Particularly suitable for use in control cabinets, telecoms equipment or domestic appliances where the use of holes, screws, or nuts and bolts is impractical or undesirable.

Material and Specifications

Adhesive

Acrylate with base of polyurethane foam

Adhesive Operating Temperature

to +105 °C

Flammability

UL94 V2 (excluding adhesive)

Material

Polyamide 6.6 (PA66)

Material Shortcut

PA66

Operating Temperature (Metric)

-40 °C to +85 °C Continuous, (+105 °C for 500 h)

ROHS Conformity

TRUE

Shortcut Adhesive

Acrylate
