**ESG** is the tried-and-tested marker in the MultiCard format for use on many well-known electrical devices. The result is high-quality device markers with a high-contrast appearance. Various types are available for the devices of the following manufacturers:

- Siemens
- Télémecanique
- ABB
- Beckhoff
- Lumberg
- All-purpose usage, depending on the type: self-adhesive or clip-on tags

### The advantages at a glance:

- Universal usage, self-adhesive or clip-on tags, depending on type
- For sequential equipment, e.g. cable protective circuit-breakers, we supply ESG markers for clipping onto tag rails
- Individual laser quality printing according to specifications
