

Benefits

- Print using ordinary standard office laser and the pro-power software*
- Print up to 54 labels in 15 seconds!
- Pre-perforated for rapid removal from sheet

Description:

This label sheet offers by far the easiest and fastest way to produce tie-on cable labels. No special equipment needed. Use a standard office laser printer

Print up to 54 labels in just 15 to 20 seconds, the time it takes for the sheet to run through your laser printer. And removing the labels is easy too, just fold backwards and forwards along the perforation lines

* There are 2 levels of the pro-Power software; Free Standard level (limited functionality) Advanced level (extra functionality). The free Standard level is downloadable from URL TBC. Bundled with the Standard at download is the Advanced level for 6 days of trial (free of charge). TIP: If you only need a few labels, prior to printing, use variable start position option on the Advanced software and print the labels at the bottom of the sheet to keep the leading edge of the sheet intact for future runs. The Advanced level is extra cost after initial trial. The Standard level is free

Technical Data

Material	175 micron polyester
Tested Range	-40 to 85°C (-40 to 185°F)
Printer Type	Laser printers only

Sample of Order Code LM8816LY

Drawing not to scale

Dimensions : Millimetres
