

NEW!

Up to 3X faster connection time!

Low power consumption

Enhanced multimedia support

Further improved BER (Bit Error Rate) performance

Add *Bluetooth* wireless technology to your desktop or notebook computer

Now you can add *Bluetooth* wireless capabilities to your USB desktop or notebook computer. The Adapter is ideal for home or mobile use. It allows your computer to make cable-free connections to other *Bluetooth* devices quickly, without having to establish a networking infrastructure. Simply plug the Adapter into the USB port of your computer and connect to your cell phones, printers, PDAs, or other computers enabled with *Bluetooth* technology. Then wirelessly access the Internet and your email, print documents, transfer files and contact information, and more. The Adapter uses advanced technologies—*Bluetooth* standard v2.0 +EDR and USB 2.0—to provide you with quicker connection times, enhanced voice and multimedia quality, greater performance in Wi-Fi® environments, and up to three-times-faster data-transfer speeds.

Benefits:

- Adds *Bluetooth* wireless technology to your desktop or notebook computer
- Provides cable-free connections to devices up to 330* ft. away
- Delivers faster connection times and improved performance
- Low power consumption
- Works with *Bluetooth* v1.1-, 1.2-, and 2.0-compliant devices
- Installs easily with USB 2.0 Plug-and-Play convenience
- Fast pairing time (3,5 - 5 seconds)
- Comes with a Manufacturer's Lifetime Warranty

Some Common Applications

- Access the Internet and email through your cell phone
- Share files between your computer and PDA or cell phone
- Transfer photos from your cell phone to another cell phone, PDA, or computer
- Print documents from your laptop
- Use a *Bluetooth* mouse and keyboard wirelessly with your desktop or laptop computer

USB Adapter Specifications

Bluetooth Standard: Version 2.0 +EDR
 Physical Interface: USB 2.0-compliant
