

Deb Cradle Protective Cream

A multi-purpose, antibacterial pre-work protective and reconditioning cream for outdoor workers.

Usage: Apply at the beginning of each work period to help protect the skin against atmospheric conditions and contact with water and water based substances.

Features & Benefits

Fragrance-free for high user acceptability and to not attract insects.

Neutral pH ensures compatibility with the skin, reducing the risk of possible irritation.

Dermatologically tested using the industry recognised '48hr human patch testing for primary skin irritation' method.

Proven anti-bacterial activity – effective against Leptospirosis, or Weil's disease (which is caused by the transmission of the Leptospira bacteria from animals to man), E-coli, Staphylococcus aureus and Pseudomonas aeruginosa.

Contains silicone and Paraffinium Liquidum to repel water

Emollient cream to soften and moisturise the skin to help prevent dryness.

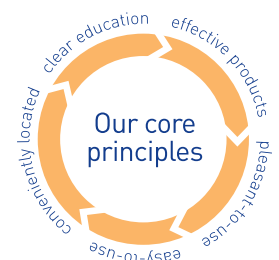

Many years proven use through millions of applications.

Economical-in-use as only a small amount is required.

Not tested on animals.
