V1 Item: 15487  
**USB Headset**

1

**Found New Hardware**  
Your new hardware is installed and ready to use.

2

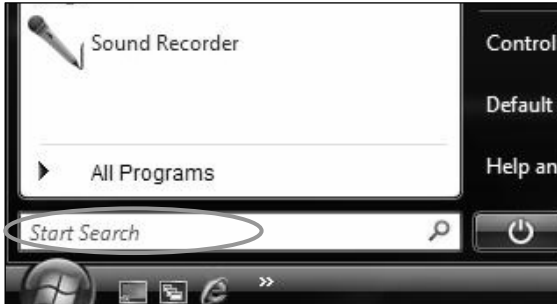

Diagram showing headset controls: a light icon for the top button, a microphone icon for the middle button, and a speaker icon for the bottom button.

3

Diagram showing a microphone icon connected by a dotted arrow to the headset's boom microphone.

4

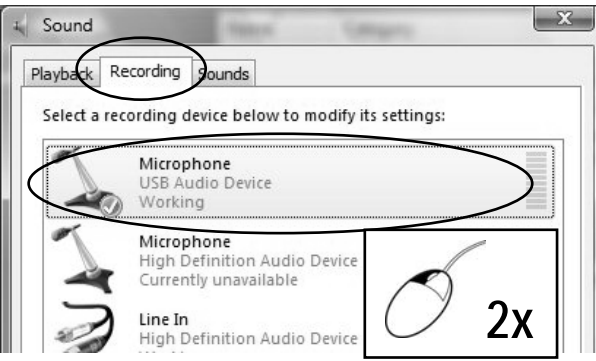

Sound Recorder interface showing the 'Start Search' button circled.

5

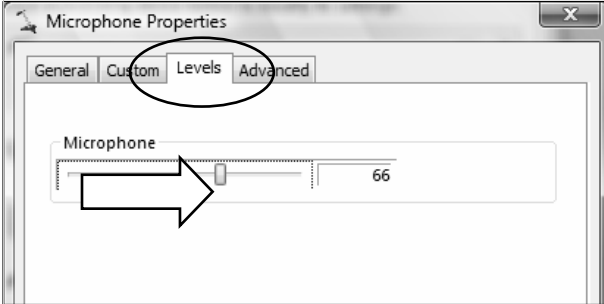

Search results for 'mmsys.cpl' circled, with an inset image of the keyboard's Enter key.

6

Sound control panel with 'Recording' tab selected. The 'Microphone (USB Audio Device)' is circled as the selected device.

7

Microphone Properties dialog with 'Levels' tab selected. The volume slider is circled and an arrow points to the right, with the value '66' displayed.
