

LCD COLOUR MONITOR

Model No. LM412

4" TFT LCD PAL or NTSC COLOUR MONITOR - Metal Recessed Cased

The LM412 with TFT active matrix technology, offers a sharp and high contrast display. With a metal case and front panel fixing holes which makes it ideal for recessed mounting. With universal application potential, the LM412 is ideal for Surveillance Systems, Reverse Monitoring Systems and Multimedia Video applications. An audio input also enables sound reception via headphones.
