Technical Data

AMBERKLENE LO30 is a powerful, low odour solvent which contains no CFCs or other chlorinated solvents and is not affected by the Montreal Protocol. It is an ideal alternative to 1,1,1 Trichloroethane.

APPLICATIONS

A highly effective low odour, degreasing agent widely used in aviation and aerospace servicing applications, where its excellent material compatibility, particularly on plastics is a distinct advantage over other solvent cleaners.

For use in numerous industries including;

* Aviation and Aerospace * PCBs and Electronics * Optical Devices

Efficiently cleans plastics, ferrous and non-ferrous metals, evaporating to leave a clean, dry surface.

N.B. May affect certain delicate plastics. Always test a small, inconspicuous area before general use. Ensure electrical equipment is switched off before cleaning.

TECHNICAL DATA

Appearance : Clear, colourless liquid

Odour : Aliphatic hydrocarbon

Specification/Approvals : Meets US Federal Specification TT- N-95B

Listed in British Airways Standard Practice Manual

SG @ 25°C : 0.73

Pressure @ 25°C : 2 Bar

Discharge rate : 3.1 g/sec

Kb value : 35

Initial boiling point : 100°C

Freezing point : -20°C

Evaporation rate : 3.2 (with respect to Butyl Acetate)

Flammability : Classified as extremely flammable under Current

EC Regulations

Flashpoint : Not applicable in sealed aerosol

Packaging : 400 ml aerosol (12 per carton). Also available in

non-aerosol, packed in 5 and 25 litres

STORAGE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.

HEALTH AND SAFETY

Health and Safety sheet available separately.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. We are able to assist customers by specific product development to meet particular requirements.

MISREPRESENTATION ACT 1967 TRADE DESCRIPTIONS ACT 1968

The information given in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products and for which reason no warranty is given, express or implied. Users should make their own tests to determine the applicability of such information or the suitability of any products for their own particular purposes. Statements concerning the use of the products described herein are not to be construed as recommending the infringement of any patent and no liability for infringement arising out of any such use is to be assumed.
